Saying goodbye and telling their story

It's never easy, but saying goodbye is a natural and healthy part of the grieving process. This can occur in a number of ways - from a more traditional ceremony uniting family and friends or a private, more meaningful service with your immediate family.

Dire adieu et partager l'histoire

Dire adieu n'est jamais facile, mais c'est une façon saine de commencer à faire son deuil. Il y a plusieurs moyens d'y parvenir, que ce soit grâce à une cérémonie traditionnelle en présence de parents et amis, ou avec un service privé et respectueux dans l'intimité de votre famille immédiate.

Make your loved one's tribute personal and unique

Whether families opt for burial or cremation as a means of final disposition, wood products manufactured at Victoriaville & Co. offer a “neutral disposition” option, meaning they are designed for both burial and cremation.

Viewing the body helps with the grieving process

Allows

- Psychological realization that the death is true
- To see your loved one's in a state of peace
- To say your final goodbyes
- To express your emotions and share the loss collectively with loved one's

Bespoke Collection **Plus** allows families to personalize the casket with different fabric colours.
La Collection sur mesure **Plus** permet aux familles de personnaliser le cercueil avec différentes couleurs de tissus.

Personnalisez votre hommage à la vie

Que les familles choisissent l'inhumation ou la crémation comme mode de disposition, la grande majorité des produits de bois de Victoriaville & Co. vous offre l'option de « disposition neutre » ce qui vous permet de les utiliser lors de l'enterrement ou de la crémation, peu importe votre choix.

La visualisation du corps facilite le deuil

Permet

- De constater et de comprendre le décès d'un proche
- De dire un dernier au revoir
- De réaliser l'irrévocabilité de la mort
- D'exprimer des émotions
- De partager sa peine avec ses proches
- De voir et de toucher

Have you chosen a final resting place for your loved one's cremated remains?

Avez-vous choisi un endroit pour le dernier repos?

4 popular options are available to you.

Voici 4 options populaires qui s'offrent à vous.

You can bring the cremated remains home with you

Vous pouvez l'apporter avec vous à la maison

You can place them in a columbarium

Vous pouvez la mettre en niche au colombarium

You can inter them in a cemetery

Vous pouvez l'inhumer au cimetière

You can scatter them

Vous pouvez en faire la dispersion

Depending on how you want to grieve and preserve the memory of your loved one, some options may be more appropriate.

Certaines options seront plus adaptées à la manière dont vous souhaitez vivre votre deuil et préserver la mémoire du défunt.

For example, scattering is a strong symbolic gesture but leaves no permanent memorial for future generations.

La dispersion des cendres, par exemple, est un geste de détachement symbolique lors du deuil, mais elle ne laisse ni sépulture ni repères pour les générations futures.

Our funeral advisors will guide you so that you can make the best decision for you and your family.

Nos conseillers sauront vous guider dans cette réflexion afin que vous puissiez prendre la meilleure décision pour vous et vos proches.

The exclusive details and elaborate symbolism are not immediately identifiable as urns, but rather as pieces of art. The contemporary shapes and unique bronze colour make these ceramic urns a piece of art which complements any kind of interior décor, while continuing to act as a precious memento.

Les détails exclusifs et le symbolisme élaboré font que ce ne sont pas que des urnes mais plutôt des œuvres d'art. Les formes contemporaines et la couleur unique du bronze font de chaque urne en céramique une œuvre d'art qui complète tout type de décor intérieur, tout en étant un souvenir précieux.

Ceramic material is widely used to manufacture urns. With this clay each artist fashions their pieces and gives them a specific finish.

The resulting urn is a unique, highly attractive product.

La céramique est largement utilisée pour la fabrication des urnes. Avec cette argile, chaque artiste façonne ses pièces et leur donne une finition spécifique.

L'urne qui en résulte est un produit unique et très attrayant.

These urns are made from premium-quality marble blocks. Since each block possesses its own tones, crystal shapes and grain, no two urns are alike and this makes for a lasting product with its own personality.

Ces urnes sont fabriquées à partir de blocs de marbre de première qualité. Puisque chaque bloc possède ses propres tons, formes et grains de cristal, il n'y a pas deux urnes identiques et cela en fait un produit durable avec sa propre personnalité.
